### ***2.1 Procurement procedure***

This procurement process is carried out in accordance with the Public Procurement Act of 17 June 2016 and the Public Procurement Regulations FOR 2016-08-12-974 Part 1.

The client plans to award the contract without engaging in dialogue with the tenderers except for any minor clarifications/adjustments of the tenders. Negotiations may nonetheless take place if the client, after receiving the tenders, finds this expedient. In such case, the selection will be made following an assessment of the award criteria. It is emphasised that no tenderers can expect a dialogue about their tender and they must therefore submit their best offer.

There will not be any negotiations if the client, after receiving the tenders, does not find this expedient. Dialogue in the form of corrections/clarifications will take place if required.

Tenderers are strongly recommended to follow the instructions set out in this tender document with appendices, and to ask any questions they might have about unclear matters via Mercell.

### ***2.2 Public disclosure and the duty of confidentiality***

The Freedom of Information Act applies as regards public access to documents relating to public procurements. The client and its employees are obliged to prevent others from gaining access to or obtaining information about technical devices and procedures or operational and business matters that it is important to keep secret for reasons of competition, cf. the Public Procurement Regulations Sections 7-3 and 7-4 and the Public Administration Act Section 13.
