# **3 THE EUROPEAN SINGLE PROCUREMENT DOCUMENT (ESPD)**

## **3.1 GENERAL INFORMATION ABOUT ESPD**

The tenderers must complete the enclosed ESPD as preliminary documentation of fulfilment of the selection criteria and the absence of exclusion grounds./The tenderers must complete the enclosed ESPD as preliminary documentation of fulfilment of the selection criteria, the absence of exclusion grounds and, if relevant, fulfilment of pre-qualification criteria for participating in the tender procedure. The form must be submitted with the tender. The tenderer(s) recommended for the contract must, before the contract can be entered into, document that they meet the selection criteria in accordance with the stated documentation requirements.

### 3.2 National exclusion grounds

According to ESPD Part III: Exclusion grounds, section D: 'Purely national exclusion grounds'. The Norwegian procurement rules go further than the exclusion grounds specified in the EU directive on public procurement and the standard ESPD form. It is therefore specified that this tender also complies with all the exclusion grounds in the Public Procurement Regulations Section 24-2, including the purely national exclusion grounds.

The following exclusion grounds in the Public Procurement Regulations Section 24-2 are purely national exclusion grounds:

- Section 24-2(2). This provision states that the client shall exclude a tenderer if the client is aware that the tenderer has been convicted of the criminal offences listed and the judgment is final and enforceable, or if the tenderer has accepted a fine for such an offence. The requirement for clients to exclude tenderers that have accepted a fine for the criminal offences listed is a specifically Norwegian requirement.
- Section 24-2(3) letter i). The ESPD form only includes professional misconduct under exclusion grounds, while the Norwegian grounds also cover other serious errors that can give rise to doubts about the professional integrity of the tenderer.

### 3.3 Overall statement for all selection criteria in the ESPD form

In this tender procedure, tenderers can use the ESPD form to submit an overall statement that it meets all the selection criteria defined in this tender document. This is done in the Part IV Section A of the form.
