

Questions and answers, 8. August

1: Is it possible to offer in on different alternative if those are found. Or is it only 1 offer?

- Multiple alternatives are ok.

2: Is it required to send Samples together with the tender material, as nothing is stated in regards to this?

- Not a requirement. If not available, a good description and a technical sketch/drawing will do.

3: What is the expected delivery time? As it weighs 20% what is the measurement of these 20 out of 20%, 1 week leadtime or 2 months ?

- Delivery before 1st of December will be given 10 points. For every week after this date, we will deduct one point from the 10. If no one can meet the 1st of December deadline, the provider with the fastest delivery will be awarded 10 points. The other providers will then be deducted 1 point for each week they can deliver after the fastest provider.

4: We are unsure about the quantity described in the tender. Is it 200.000 or 300.000. Or does the +100.000 differ in such a way, that it is not part of the tender and is expected to act as a stock item, if more are needed?

- The competition is based on 200,000 pcs and the evaluation will also be based on this quantity. Please disregard the extra 100,000, it will be removed from the tender.
