

Self-reporting from supplier

Self-reporting is part of the follow-up in accordance with regulations on pay and working conditions in public contracts and Statsbygg's contract provisions.

This form must be answered before the work starts, unless otherwise agreed, and must be answered by all companies in the entire supply chain, including sole proprietorships and staffing companies.

Statsbygg may require the form to be submitted several times during the contract period. It is the main supplier's responsibility to ensure that the form is completed and uploaded in HMSREG.

All questions must be answered on the basis of the employees, hired and seconded employees as well as sole proprietorships who directly participate, or according to the plan must directly contribute to fulfilling the contract with you as a supplier or subcontractors.

Use of the form

The form is completed by the supplier.

If the supplier is the main supplier, the form must be uploaded to HMSREG and Statsbygg by the project manager must review the form and any comments must be notified to the main supplier.

If the supplier is a subcontractor, the form must be uploaded to HMSREG and sent for approval to the main supplier. The main supplier shall review the form and provide any comments in section 11 before the form is reloaded in HMSREG. The main supplier is responsible for ensuring that the form is checked and found in order before the supplier is approved in HMSREG.

If the self-report is deficient, this must be handled through the function "Follow-ups" in HMSREG.

Definitions

The main supplier is a contractor or supplier who has undertaken an assignment for the client (customer) and who has one or more **subcontractors** to carry out part of the assignment.

A skilled worker is a person who has a trade or journeyman's certificate within the subject area in which he / she performs work in the relevant project.
