

Annex to invitation to tender.

**Questionnaire for cataloging data in connection with
procurement of materiel**

The Armed Forces of Norway

1. The selected contractor will be required to fulfil the content of the enclosed “Standard Clause for Codification”, Form 5054. Enclosed form “Required codification data” will be used for collection of data in a prospective contract.
2. The contractor is requested to answer the following questions as exact as possible:
 - a. Is the equipment offered or any part thereof, included special tools, delivered to the armed forces in the producing country, other NATO- countries or NON- NATO- countries?
If yes, which countries?
 - b. Is the equipment offered or any part thereof, included special tools, earlier codified according to the NATO- codification system?
 - c. Is your firm the true manufacturer of the equipment offered, or any part thereof, included special tools?
If not, state the true manufacturer’s name, address, telephone number, e-mail, and the related parts.
 - d. In which language are spare parts lists, identification materiel and technical manuals available?
 - e. In which media are spare parts lists, identification materiel and technical manual available?
 - f. In which way are the customer informed about new part numbers, substitutes and changes to main components and related parts?
 - g. Is your firm able to deliver cross reference lists between reference numbers and known NATO-Stock Numbers?
 - h. Is your firm able to deliver documents about measure, weight and performance characteristics for the parts produced by your firm?
If negative: State items and reasons.
 - i. Are the same documents also available from vendors/ sub suppliers items?
If negative: State items and reasons.
